Program Administration

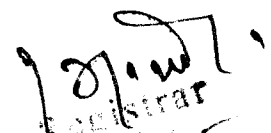

1. The medium of instruction and examinations shall be English.
2. There will be a component of Continuous Internal Assessment along with End of Semester Examination. Continuous Internal Assessment will be conducted by the Institute under supervision of the Director.
3. **A subject paper will consist of 100 marks out of which, the EOSE question paper will be of 80 marks and 20 marks will be of Continuous Internal Assessment (CIA) which will comprise of Internal Written Test of 10 marks and remaining 10 marks will be based on Presentations / Assignments / Projects / Quizzes. Marks obtained in EOSE and CIA both will be added for final result.**
4. **No candidate shall be considered to be eligible to pursue End of Semester Examinations unless he/she passes the Continuous Internal Assessment with 36% marks in each paper. Minimum passing percentage for any candidate in each paper in EOSE will be 36%. Aggregate percentage required in every semester will be 48%.**
5. There will be two components of evaluation for the paper no. MGM-108 titled "Business Communication and Personality Development. There will be one component of 40 marks to be evaluated through EOSE. There will be another component of 40 marks (Personality Development part) which will be evaluated on the basis of verifiable means by an external examiner and internal examiner, who shall be the Director or his/her nominee. Both of the components will have an Continuous Internal Assessment (CIA) of 20 marks as is the case with other papers.
6. Courses/papers are inter-changeable from one year to another. The optional papers are given separately for each semester.
7. The Optional Groups (Electives) for functional area to be introduced will be announced in the beginning of Semester-III. It is not necessary to introduce all the optional groups.
8. In EOSE, There will be 7 questions out of which the candidate is required to answer 5 questions. Out of 7 questions, the question number 1st will be a case/ problem which will be compulsory.
9. 75% attendance is compulsory in each paper failing which student will not be qualified to take EOSE examination in that paper.
10. Promotion from a semester to another will be as per University rules.
11. The student will submit the choice of papers as per university guidelines and by the date announced by the institute.

Dy. Registrar
(Academic)
University of Rajasthan
JAIPUR

12. There will be a Credit Monitoring Committee of the Institute whose decisions regarding credits and allied domain will be final and binding as per University rules.
13. Credit registration at least once in all compulsory credit courses shall be binding and earning all CCC credits for accumulation of minimum 120 credits. However, a student may earn more than 120 credits as well but additional credits will not be counted for Percentage or CGPA calculations.
14. All students are required to fill in readmission and examination form for each semester complete in all respects by the due date/ late fee date as announced by the Director of the Institute. Incomplete examination forms are likely not to be forwarded to the University.
15. A student may opt for not more than 03 OEC papers out of total 05 papers offered during each Semester I and Semester II whereas a student will have to opt for total 10 functional specialization papers during Semester III and IV 05 out of these will be from one functional area and 5 from another during his III and IV semesters. He / She cannot choose from more than two functional areas.
16. There should be adequate number of students willing to opt for an elective paper and functional area specialization (if the number is less than 10 then the elective will not be offered).

Quantitative Techniques

Subject Code: MGM104
EOSE Marks: 80
CIA Marks: 20

Credits: 04

Objective: The course has been designed keeping in mind the specific need of managers to understand and appreciate Quantitative Techniques for managerial decision making and various dimensions related to the application of such techniques in any organization. It also aims to equip students with knowledge, skill and competencies to manage efficiently and effectively.

Contents

Game Theory and Applications - Concepts, Zero Sum Game, Pure and Mixed Strategy

Transportation and Assignment Theory and Applications - Concepts, Methods

Decision Theory and Applications - Decision under Uncertainty, Decision under Risk, Methods

Queuing Theory and Applications - Concepts, Methods

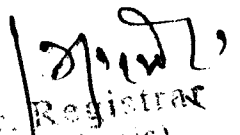

Probability Theory and Applications - Set theory, Sample space, Probability function, Events, Axioms, Conditional Probability, Independent events, Random Variables, Expectations

Linear Programming - Concepts, Methods (Simplex, Duality, Graphical)

Case Studies and application of all these techniques for managers

Productions and Operations Management

Subject Code: MGM201

Credits: 04

EOSE Marks: 80

CIA Marks: 20

Objective: The course has been designed keeping in mind the specific need of managers to understand and appreciate the concept of Production and Operations Management and various dimensions of Production, Business Processes, Logistics and Operational issues in the organization. It also aims to equip students with knowledge, skill and competencies to manage efficiently and effectively.

Contents

Importance of Production and Operations Management, Link with other functional areas such as Finance, Marketing and Human Resources, Operations Strategy, Product Development, Productivity, Location Decision, Facility Layout, Work System Design

Location Decisions - Planning and Analysis, Plant Layout Decisions - Types, Process Flow, Concepts of Line Balancing, Work Measurement

Business Processes - Business Process Modeling, Inventory Management - Models and Applications, Lean Manufacturing, JIT, Supply Chain Management- Objectives and Elements, Operations and Production Scheduling

Production Planning and Control- Forecasting, Aggregate Planning, Inventory Management, Materials Requirement Planning, Capacity Requirement Planning, Enterprise Resource Planning, Production Scheduling, Waiting Lines

Network Techniques - Project Planning and Control, Project monitoring through Network Techniques, PERT-CPM, Concept of Time Estimates, Project Costs, Project Crashing

Quality Management - Techniques and Tools, Total Quality Management Systems (TQMS), Types of International Standards on Quality Systems, ISO standards, Total Quality and Safety, Six Sigma, Statistical Process Control.

Contemporary Issues/Topics- Supply Chain Management, Lean Manufacturing, JIT, Toyota Production Systems, Agile Manufacturing, Industry 4.0

Summer Internship Project

Subject Code: MGM303

EOSE Marks: 80

CIA Marks: 20

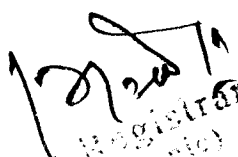

Credits: 04

Objective: The Summer Internship has been designed keeping in mind the specific need of managers to appreciate the practical on hand experience and exposure of corporate working. It will facilitate students to correlate the theory with practice in a real time world. It also aims to equip students with knowledge, skill and competencies to manage efficiently and effectively.

At the completion of the first two semesters of the first year and before the commencement of the third semester in the second year the student is required to undergo summer training in an organization for 06-08 weeks. A report based on the summer training shall be submitted within four weeks from the commencement of the third semester as approved by the Institute. Report must be an original work. Each student will be attached with one internal project guide, with whom they shall be in continuous touch during the training period.

Evaluation

The project report will be evaluated by an external examiner appointed by the University. The evaluation will be through Viva Voce on components like Content, Presentation, Analysis and Feedback from the Organization.

Performance Appraisal Summer Training

Student's Name: _____

You are requested to provide your opinion on the following parameters:

Outstanding	Good	Satisfactory	Unsatisfactory
A	B	C	D

1. Technical knowledge gathered about the industry and the job he/she was involved.
2. Communication Skills : Oral / Written / Listening skills
3. Ability to work in a team
4. Ability to take initiative
5. Ability to relate theoretical learning to the practical training
6. Creativity and ability to innovate with respect to work methods & procedures
7. Ability to grasp new ideas and knowledge
8. Presentations skills
9. Documentation skills
10. Sense of Responsibility
11. Acceptability (patience, pleasing manners, the ability to instill trust, etc.)
12. His/her ability and willingness to put in hard work
13. In what ways do you consider the student to be valuable to the organization?
 Consider the student's value in term of:
 - a. Qualification
 - b. Skills and Abilities
 - c. Activities/ Roles performed
14. Punctuality
